MEMORANDUM FOR US NUCLEAR REGULATORY COMMISSION, REGION I

SUBJECT: Notification of ARDEC Director Personnel Change

1. The US Army, Armament Research, Development and Engineering Center (ARDEC) Director is recognized by the US Nuclear Regulatory Commission (NRC) as the responsible top level management official for assuring ARDEC radiation operations are carried out in a safe manner and in compliance with the applicable regulations and license conditions.

2. On 25 January 2015, after serving 120 days as the acting ARDEC Director, Mr. John Hedderich will return to his position as Executive Director of ARDEC's Munitions Engineering Technology Center. As acting ARDEC Director, Mr. Hedderich is the current license holder (licensee) for NRC materials licenses 29-00047-02, 29-00047-06 and SUB-348. — 04006377

3. Effective 25 January 2015, I will temporarily assume the responsibilities of the ARDEC Director until a permanent director is assigned. As acting ARDEC Director, I acknowledge my commitment and responsibility for the following:

- a. Radiation safety, security and control of radioactive materials, and compliance with regulations and license requirements;
- b. Completeness and accuracy of radiation safety records and all information provided to the NRC (10 CFR 30.9);
- c. Knowledge about the contents of the licenses and applications;
- d. Compliance with current NRC and Department of Transportation (DOT) regulations and the licensee's operating and emergency procedures;
- e. Commitment to provide adequate resources (including space, equipment, personnel, and time) to the radiation safety program to ensure the public and employees are protected from radiation hazards and meticulous compliance with regulations and licenses is maintained;
- f. Selection and assignment of qualified individuals to serve on the Ionizing Radiation Control Committee and to serve as the Radiation Safety Officer for our licensed activities;
- g. Prohibition against discrimination of employees engaged in protected activities (10 CFR 30.7); and
