2) GEH Request for Letter Authorization to Use the Model No. 2000 Package, 12/12/14

Dear Sir or Madam:

In December 2014 GEH provided both proprietary (non-public) and redacted non-proprietary (public) versions of a request to use the Model No. 2000 package with a new internal package configuration (Reference 2). GEH has determined there was an error in redacting some of this information in Attachment 2 of our request.

The Attachment to this letter is a revised public version to provide additional public information in Tables 5-2, 5-3, 5-4 and 5-7.

Please contact Bryce MacDonald at 910-819-6537 or myself if there are questions regarding this request.

Sincerely,

Scott P. Murray, Manager
Facility Licensing
