

23 January 2015

Director, Office of Federal and State Materials and  
Environmental Management Programs,  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001.

**ATTN: Document Control Desk/Exempt Distribution**

**SUBJECT: Periodic Report of Material Transfer – Material License 31-23902-01E**  
**Teaneck, NJ Location**

In accordance with the requirements of 10CFR Part 32.25(c) please find enclosed our report for products transferred from the Teaneck warehouse during the period of January 1, 2014 through December 31, 2014 under Section 30.19 of 10CFR30.

Licensee is Meprolight, Incorporated – license number 31-23902-01E.

All material transferred was in the form of gaseous tritium (H3) sealed in glass vials (known in the trade as Gaseous Tritium Light Sources – GTLS) all mounted within weapon sights. The report items listed cover sight sets as well as individual front and rear sights.

This report is being submitted separately from the one for our Farmingdale warehouse because it is unclear to us if the report should be combined. Should you have any questions or comments please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad Fisher', written over a white background.

Brad Fisher  
President
