Docket No. 40-3392; License No. SUB-526

SUBJECT: HONEYWELL METROPOLIS WORKS CONFIGURATION CHANGES FOR 2014

In accordance with Materials License SUB-526 Condition 20 (LC 20), Honeywell MTW hereby submits the following information regarding changes made during the calendar year 2014:

Table "2014 Plant Configuration Change Summaries" contains the summaries of changes to the site, structures, processes, systems, components, computer programs, and activities of personnel within the identified plant features and procedures (PFAP) and safety control boundaries implemented in 2014 that did not require prior NRC approval. Also included in the Table are changes related to the licensing basis documentation.

Please note there were no changes to the ISA Summary since its 10/28/13 submittal.

All changes were reviewed using the Management of Change process as described in Section 2.6.3 of the License Application dated May 12, 2006, as supplemented by letters dated March 20, 2007, May 12, 2008, July 12, 2010, and February 15, 2011.

Pursuant to the procedures set forth in NRC Regulatory Issue Summary 2005-31 pertaining to submitting security-related sensitive information, the enclosed submitted herewith shall be withheld under 10 CFR 2.390 as security-related sensitive information.

Should you have any questions on the enclosed information, please contact Mark Wolf, Nuclear Compliance Director, at (618) 309-5013.

Sincerely,

Jim Pritchett
Plant Manager
