Dear Laura,

Please find attached the finished copy of the latest revision to the *Suggested State Regulations for Control of Radiation* from the Conference of Radiation Control Program Directors, Inc. (CRCPD):

Part F – Medical Diagnostic and Interventional X-ray and Imaging Systems

2015 Rationale Part F

The CRCPD Board of Directors approved Part F on January 14, 2015. CRCPD requests concurrence from your agency. CRCPD requests that a written response relative to federal concurrence by your agency be submitted within 60 days of receipt of this correspondence.

If the provisions of SR-F are outside the scope of your agency and do not conflict with Agency requirements, an e-mail response to that effect will suffice.

Thank you for your attention to this important matter.

Sincerely,

Ruth E. McBurney, CHP
Executive Director
