Subject: RAI Response for LAR 14-07

Denise,

As discussed, we previously received a RAI regarding LAR 14-07 (eRAI Tracking No. 7749) requesting a response be submitted by February 13, 2015. Due to ongoing work on this and other matters, we request that our requested response date be extended to allow us to provide a response by February 27, 2015. Please let us know if you find this acceptable or would like to discuss further.

Regards,
Justin
