SUBJECT: WESTINGHOUSE FUEL HANDLING EQUIPMENT AND CRANE  
MANUFACTURING RESPONSES TO THE U.S. NUCLEAR REGULATORY  
COMMISSION INSPECTION REPORT NO. 99901452/2014-201 NOTICE OF  
VIOLATION AND NOTICE OF NONCONFORMANCE

Dear Mr. Hasychak:

Thank you for your January 16, 2015, letter in response to the Notice of Violation (NOV) and the Notice of Nonconformance (NON) that were discussed in the subject U.S. Nuclear Regulatory Commission (NRC) inspection report (IR).

We have reviewed your letter and found that it is responsive to NON 99901452/2014-201-03. However, we have found it is not fully responsive to NOV 99901452/2014-201-01 and NON 99901452/2014-201-02. Specifically:

1. Your response to NOV 99901452/2014-201-01 states that "The 10 CFR Part 21 investigation was completed in accordance with WEC 21.0 by Westinghouse Regulatory Compliance. The investigation was completed on December 2, 2014, including an extent of condition for previous shipment, including spare parts. The conclusion of the investigation is the condition was found not to be reportable under 10 CFR Part 21." Please provide the justification for the conclusion that the condition was not reportable under 10 CFR Part 21.
2. Your response to NON 99901452/2014-201-02 discusses several completed and planned corrective actions to address your overall Corrective Action Program. However, your response does not address the third example of NON 99901452/2014-201-02. Please provide: 1) the corrective action taken or planned to address the issue of not performing commercial grade surveys and evaluations of dedicated items and 2) the significance at Westinghouse Fuel Handling Equipment and Crane Manufacturing.

In accordance with 10 CFR 2.390 "Public Inspections, Exemptions, Requests for Withholding," of the NRC's "Rules of Practice," a copy of this letter, its enclosure(s), and your response will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. To the extent possible, your response should not include any personal privacy, proprietary, or safeguards information so that it can be made available to the Public without redaction. If personal privacy or proprietary information is

necessary to provide an acceptable response, then please provide a bracketed copy of your response that identifies the information that should be protected and a redacted copy of your response that deletes such information. If you request that such material is withheld from public disclosure, you must specifically identify the portions of your response that you seek to have withheld and provide in detail the bases for your claim (e.g., explain why the disclosure of information will create an unwarranted invasion of personal privacy or provide the information required by 10 CFR 2.390(b) to support a request for withholding confidential commercial or financial information). If safeguards information is necessary to provide an acceptable response, please provide the level of protection described in 10 CFR 73.21 "Protection of Safeguards Information: Performance Requirements."

Please contact Mr. Brent R. Clarke at 301-415-6660, or via electronic mail at Brent.Clarke@nrc.gov, if you have any questions or need assistance regarding this matter.

Sincerely,
