Rich,

A response date of NLT March 13, 2015, should not be an issue. Thanks for the update.

For clarification, Kim is taking the lead for coordinating the upcoming ACRS meeting. To the extent that you have questions concerning the ACRS meeting, please feel free to contact either Kim or myself.

Thanks,  
Mike

Rich,

Because I am no longer the PM for the IP LRA, I have forwarded your email to Mike Wentzel. He will get back to you regarding your request.

Kim,

Our license renewal services group is presently preparing the response to the subject RAI for IPEC. However, because we will be proposing some exceptions to the internal inspections of tanks and piping that are shared between the two units, such as the City Water and Fire Protection Water systems, we would like to request an additional two weeks from the present due date in order to prepare the justifications for these exceptions.

Therefore, instead of the current due date of 2/27/2015, we would provide the response to the subject RAI no later than 3/13/2015.

Let me know if you have any questions.

Thanks,

Richard Louie
