RECEIVED

Hi Stuart

I think that captures what I/we stated at the meeting. Yes, please include our comments as part of the formal comment process.

We will also be submitting a formal comment letter.

Best regards,

Heather

Subject: Comments received during the NTSF Tribal Caucus

Hello Heather,

It was nice seeing you and Ron a few weeks back at the NTSF Tribal Caucus meeting. We are appreciative of the opportunity to discuss the U.S. Nuclear Regulatory Commission's activities with you over the Tribal Caucus working lunch. We were encouraged to receive a number of insightful comments.

In an effort to more fully engage and involve Tribal Caucus members in the development of the policy statement, we would like to have your comments submitted as part of our formal comment process. We have included our notes of the comments that you both made during the meeting. If you would like for your comments to be formally considered, feel free to make any edits as you would like and resend your comment in an email. We understand that there may be some sensitivities, and if you are reluctant to have your name added to a public record, we can include your comments into meeting summary notes, which will allow your input to be considered in this important initiative.

Below are comments we captured during our discussions:

1. Politics should not come into play in the Trust Relationship. The Trust Relationship requires more in terms of interactions, access, and voice.

**SUNSI Review Complete**

**Template = ADM - 013**

**E-RIDS= ADM-03**

**Add= M. Ryan (MLR)**

**H. Yilma (HY)**

**P. mc Grady-Finneran (PXF)**

**S. Easson (SBE)**

2. It is inconsistent to say that the Trust Responsibility is met simply by meeting standards for the general public. Need to recognize the uniqueness of Tribes and the Trust Relationship. Trust relationship requires more than simply meeting what is required.

As I mentioned above, if you would like your comments to be formally considered, feel free to make any edits as you would like and resend in an email to me. Let me know if you have any questions.

Kind regards,  
Stuart
