Subject: Additional request for Change of Control to Chemours
NRC License No. 07-00455-29
Docket No 03003861 Control # 585760

Dear Mr. Lawyer:

This letter is in response to the additional information requested for the change of control for the E. I. duPont de Nemours and Company (DuPont) DuPont Edge Moor site located in Edge Moor, Delaware.

As previously indicated, on February 1, 2015, DuPont created a wholly-owned subsidiary - The Chemours Company FC, L.L.C. ("Chemours") - to operate the Edge Moor facility. DuPont has and will retain ownership of this subsidiary and, through that ownership, full control of the facility until June 30, 2015. On July 1, 2015, Chemours will become the independent owner and operator of the facility. The following is the additional information requested:

1. *Describe changes in the organization that exercises control over the licensed program.*
 - There are no changes to the operational organization at Edge Moor facility.
2. *Submit relevant procedural changes or state that there are no relevant procedure changes.*
 - There are no changes to relevant procedures subject to the license.
3. *Describe changes in facilities where licensed material is to be used or stored.*
 - There are no changes in facilities where license material is stored or used.
4. *Describe changes in equipment to be used in the licensed program.*
 - All equipment relevant to the license remains the same with no changes.
5. *Submit a statement that all required surveillance has been performed, documented and reviewed, including the results, if appropriate.*
 - All required surveillance has been performed, documented and reviewed per the site license requirements. There were no necessary corrective actions.
 - The date of the latest leak test was 9/3/2014, results review 9/25/2014
6. *If surveillance items are not or will not be completed, the reasons, any corrective actions, and/or the date these corrective actions will be completed, should be submitted to NRC.*
 - See above.
7. *Prior to the transfer of licensed activities to another licensee, 10 CFR 30.35(g), 30.36(k)(4) and 30.51 require that you transfer certain records to a successor licensee to ensure their long-term availability. Confirm that you will transfer, the required records; if records are not applicable, explain why. Describe the method and proposed timetable for the transfer of required records.*

- A majority of all hardcopy and electronic records are resident at the site and are in the possession of Chemours. All other relevant hardcopy and electronic records will be transferred from DuPont on or before June 30, 2015.
8. *Provide a commitment by the transferee to maintain the records received from the transferor.*
- Chemours Company F.C., L.L.C. will maintain all required records transferred from E. I. du Pont de Nemours and Company
