

March 23, 2014

Dr. Majd Hawari
Commissioner
Energy and Minerals
Regulatory Commission
P.O. Box 1865
Amman 11821
Jordan

Dear Dr. Hawari:

The U.S. Nuclear Regulatory Commission (NRC) would like to formally thank you for presenting at the 27th Annual Regulatory Information Conference (RIC). International participation at the RIC has been increasing annually and this year was no different, with representatives from 33 countries and international organizations in attendance. The NRC recognizes that the RIC would not continually attract such a diverse and impressive group of participants were it not for the high-quality contributions that expert panelists provide to the technical sessions. NRC is truly grateful for your support.

It was my pleasure to chair the international session, "Enhancing Nuclear Safety and Security Practices through International Peer Review Missions". Your presentation on Jordan's recent participation in an International Atomic Energy Agency Integrated Regulatory Review Service mission greatly enriched the panel. I believe the value of this session for RIC participants was evident by the number of audience questions that were submitted to the panel, and I appreciate your thorough and thoughtful responses during the session.

Thank you again for your participation in the 2015 RIC. Each year, with the continued support from you and other experts, the NRC is able to ensure that the RIC includes quality sessions that are both timely and relevant. The NRC hopes that you will participate again by coming to next year's RIC, which will be held March 8-10, 2016.

Warm regards,

/RA/

David L. Skeen, Deputy Director
Office of International Programs

March 23, 2014

Mr. Jacques Regaldo
Chairman
World Association of Nuclear
Operators
Paris Centre
8 Rue Blaise Pascal
92200 Neuilly-sur-Seine
France

Dear Mr. Regaldo:

The U.S. Nuclear Regulatory Commission (NRC) would like to formally thank you for presenting at the 27th Annual Regulatory Information Conference (RIC). International participation at the RIC has been increasing annually and this year was no different, with representatives from 33 countries and international organizations in attendance. The NRC recognizes that the RIC would not continually attract such a diverse and impressive group of participants were it not for the high-quality contributions that expert panelists provide to the technical sessions. NRC is truly grateful for your support.

It was my pleasure to chair the international session, "Enhancing Nuclear Safety and Security Practices through International Peer Review Missions." Your presentation on the World Association of Nuclear Operators' views on the peer review missions greatly enriched the panel. I believe the value of this session for RIC participants was evident by the number of audience questions that were submitted to the panel, and I appreciate your thorough and thoughtful responses during the session. As previously communicated to you by Office of International Programs staff, any input you can provide on the audience's remaining questions will be greatly appreciated.

Thank you again for your participation in the 2015 RIC. Each year, with the continued support from you and other experts, the NRC is able to ensure that the RIC includes quality sessions that are both timely and relevant. The NRC hopes that you will participate again by coming to next year's RIC, which will be held March 8-10, 2016.

Warm regards,

/RA/

David L. Skeen, Deputy Director
Office of International Programs

March 23, 2014

Mr. Gustavo Caruso
Special Coordinator,
Nuclear Safety Action Team
International Atomic
Energy Agency
Vienna International Centre
P.O. Box 100
1400 Vienna
Austria

Dear Mr. Caruso:

The U.S. Nuclear Regulatory Commission (NRC) would like to formally thank you for presenting at the 27th Annual Regulatory Information Conference (RIC). International participation at the RIC has been increasing annually and this year was no different, with representatives from 33 countries and international organizations in attendance. The NRC recognizes that the RIC would not continually attract such a diverse and impressive group of participants were it not for the high-quality contributions that expert panelists provide to the technical sessions. NRC is truly grateful for your support.

It was my pleasure to chair the international session, "Enhancing Nuclear Safety and Security Practices through International Peer Review Missions." Your presentation on the International Atomic Energy Agency's various peer review missions greatly enriched the panel. I believe the value of this session for RIC participants was evident by the number of audience questions that were submitted to the panel, and I appreciate your thorough and thoughtful responses during the session. As previously communicated to you by Office of International Programs staff, any input you can provide on the audience's remaining questions will be greatly appreciated.

Thank you again for your participation in the 2015 RIC. Each year, with the continued support from you and other experts, the NRC is able to ensure that the RIC includes quality sessions that are both timely and relevant. The NRC hopes that you will participate again by coming to next year's RIC, which will be held March 8-10, 2016.

Warm regards,

/RA/
