Dear Jan:

As per our phone conversation on March 3<sup>rd</sup>, this letter is to notify the Nuclear Regulatory Commission that all operations of Fairmont General Hospital, Inc. were transferred by an asset purchase agreement (approved by the Federal Bankruptcy Court in Wheeling, WV) to Alecto Healthcare Services d/b/a Fairmont Regional Medical Center on September 19, 2014. The Nuclear Regulatory Commission transferred control of license number 47-17929-01 to Alecto Healthcare Services on October 2, 2014.

As of this date, Fairmont General Hospital is in the process of filing and confirming a plan of liquidation, which will provide for the distribution of the proceeds of the sale of the hospital's assets to Alecto. However, since Fairmont General Hospital Inc.'s assets have been transferred, it is not now, and will not be in the future, operational as a healthcare facility and has no need for a license with the NRC.

Sincerely,

Peggy Coster  
CEO
