Doug Miller, Acting Director  
New Major Facilities Licensing Division  
Canadian Nuclear Safety Commission  
280 Slater Street  
Ottawa, ON K1P 5S9

Dear Mr. Miller,

Thank you for presenting at the U.S. Nuclear Regulatory Commission's 27<sup>th</sup> Annual Regulatory Information Conference (RIC), held March 10-12, 2015, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your remarks during the T4 session, "Improving the Way We Do Business – for Large Lights and Small Modulators" were interesting and informative. Your perspective on the topic helped foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its goals of providing stakeholders with important information relevant to specific to safety and security. The conference also provided an opportunity for participants to gain valuable insights on regulatory activities from their colleagues in the nuclear industry.

Video captured during the Opening Session, Commissioner Plenary Sessions, Special Plenary Session, and the Regional Session is available to the public at <http://video.nrc.gov/>. Questions not addressed during the technical sessions, as well as final presentations received onsite are currently being compiled and will be posted in the next few weeks on the RIC Web site <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html>.

Thank you for your contribution in making this year's RIC a success. It is our hope that you will join us again at the Marriott Bethesda North Hotel and Conference Center next year for the 28<sup>th</sup> Annual RIC currently scheduled March 8-10, 2016.

Sincerely,
