Mr. Nicolas Solente
International Projects and Cooperation Manager
Agence Nationale pour la Gestion des Déchets Radioactifs
1-7 rue Jean Monnet
92298 Chatenay-Malabry
France

Dear Mr. Solente:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's 27th Annual Regulatory Information Conference (RIC), held March 10-12, 2015, at the Bethesda North Marriott Hotel and Conference Center in Rockville, Maryland.

Your presentation on the "French Approach to Low-Level Radioactive Waste Management France" during the W24 International Approaches to Low-Level Radioactive Waste Management—Key Issues and Challenges session was interesting and informative, and your perspective on the topic helped to foster a dynamic discussion during the question and answer portion of the session.

Initial feedback received indicates that the RIC was successful in achieving its goals of providing stakeholders with important and relevant information specific to safety and security and also offered an opportunity for participants to interact with colleagues in the nuclear community by gaining and sharing valuable insights and opinions on nuclear regulatory activities.

Video recordings captured during the Opening Session, the Commissioner plenary sessions, the Special Plenary Session, and the Regional Session are available to the public at <http://video.nrc.gov/>. Additionally, questions that were not addressed during the technical sessions as well as final presentations received while onsite are currently being compiled and will be posted on the RIC Web site at <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html> in the next few weeks.

We thank you for your contributions, which help to make the RIC a success, and hope you will join us for the 28th Annual RIC from March 8-10, 2016, at the Marriott Bethesda North Hotel and Conference Center in Rockville, Maryland.

Sincerely,

/RA/
Larry Camper
Session Chair
