Subject: Army-NRC meeting on March 24, 2015 on Licensing Sites with Davy Crockett Depleted Uranium

Representative Cindy Evans,

We have modified the agenda for the March 24, 2015 meeting with the NRC so that the topics that are related to the Hawaiian Sites will start at 1:30 p.m. (eastern time). We also extended the meeting until 5:15 p.m.(eastern time). At this point there is no licensing action.

<i>Time</i>	<i>Topic</i>
11:00-11:15am	Logistics, Introductions, Open Statements
11:15-11:45am	NEPA documentation for Amendment
11:45-12:15pm	Exemption versus Amendment Request as Army Related to Fort Dix, NJ and Fort Greeley, Alaska
12:15-12:30pm	Public Comment/Questions
12:30-1:30pm	Lunch (on your own)
1:30-2:30pm	Performance Assessment and Pathway Analysis
2:30-4:30pm	Environmental Radiation Monitoring
4:30-4:45pm	Break
4:45-5:00pm	Action Items and Closing Remarks
5:00-5:15pm	Public Comments
5:15pm	Adjourn

The modified agenda and toll free call in number and pass code, along with the draft documents that will be discussed at the meeting, should be posted tomorrow to the public web site –linked to the meeting announcement. We just received the draft documents from the Army and it take about 1 day to process them and get them into our document management system called the Agencywide Documents Management System (ADAMS). I will send you this information as soon as I can tomorrow.

I plan to inform the Hawaiian Stakeholders of the changes as soon as I can also.

Also, the February 19, 2015, meeting summary is now publicly available. The document can be found at the ADAMS accession no. ML15065A361. I have attached a copy for your use.

If you have any questions, please contact me.

Thank you

Amy

Representative Cindy Evans,

Thank you for your inquiry about the NRC actions related to the Source Material License to Possess Depleted Uranium from the Davy Crockett weapon system. You asked about the agenda for the March 24, 2014 meeting with the Army. As I explained, the agenda is located in the meeting announcement under the Heading of Related Documents as follows:

Related Documents

[ML15062A300](#) -

It is located on the second page of the meeting announcement. I have attached a copy of the agenda as it appears in the meeting announcement for your use. Please note that the agenda topics are not specific to the Hawaiian sites. However, the closest related topic would be Performance Assessment and Pathway Analysis and Environmental Radiation Monitoring Plan. Please note there are two opportunities for the public to ask the NRC staff questions or provide comments.

You said that you plan to ask your staff to call into this meeting. The toll free number is 888-989-4590 and the pass code is 81938# .

You also, asked if we can accommodate a change in the meeting time because of the difference in time zone. I will get back with you regarding your request as soon as I can.

If you have any questions, please contact me.

Thank you
