CHAPTER 17.0

QUALITY ASSURANCE

CHAPTER 17.0

RELOCATED QUALITY ASSURANCE

17.1 QUALITY ASSURANCE DURING DESIGN AND CONSTRUCTION

This section is not applicable to the USAR.

17.2 QUALITY ASSURANCE DURING THE OPERATION PHASE

Chapter 17.2, Quality Assurance, has been relocated to the Wolf Creek Quality Program Manual (WCQPM). See the following pages for a cross reference between Chapter 17.2 of the USAR and the WCQPM.

In general, the relocated Chapter 17.2 has been incorporated into the WCQPM with the same form and content it possessed in Chapter 17.2 of the USAR. The information previously located in Chapter 17.2, Quality Assurance During the Operation Phase, is now located in a physically separate document, the WCQPM. Although no longer contained in the USAR, by this specific reference, it is considered part of the USAR and is thereby incorporated by reference. Implementation of, and revision to, the WCQPM is controlled through administrative procedures.
