RE: Sequoyah Fuels Corporation and General Atomics (Gore,
Oklahoma Site), NRC Order dated October 15, 1993,
Docket No. 40-8027-EA

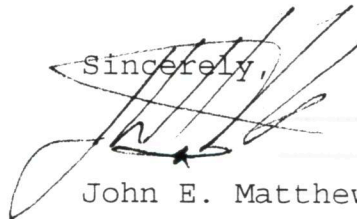

Dear Steve:

Enclosed are copies of the documents that you requested after your review at our offices of the supplemental production of documents by Sequoyah Fuels Corporation.

Please note that nearly all of the documents are subject to the Protective Order issued by the Board in Docket No. 40-8027-EA.

As we discussed, we will invoice the NRC for the 118 pages at our firm's standard rate of \$.12 per page. In addition, I will be forwarding a supplemental list of privileged documents later this week. Sequoyah Fuels Corporation acknowledges that the documents on this supplemental list are subject to Interrogatories 17 and 18 of the NRC Staff's Second Set of Interrogatories to SFC dated August 4, 1995.

Sincerely,

John E. Matthews
