Dear Mr. Speiser,

Thank you for that information. For the State Dept, I have now been able to obtain an email address for the secretariat, in case you cannot include them on the e-docket.

Good morning,

The electronic docket we are setting up will include a representative of the Applicant and members of the Office of the General Counsel at the NRC so that when you submit your petitions via the Electronic Information Exchange (EIE) you will be serving them with copies as well. I am attempting to also have a representative of the Dept. of State on the electronic docket but am not sure that will be possible, so you will likely have to send a hard copy to their mailing address as provided in the Federal Register Notice. If I can get an email address for them for you, I will, and will get back with you on that a bit later.

I can see that you have taken all the steps necessary to be ready to file on the electronic dockets. As soon as they are completely set up you will receive an email advising that you have been granted access to the proceedings.

Thank you.

Dear Mr. Speiser,

I will be submitting my petition electronically, which I believe goes to the Secretary of the NRC. But I see that I am also required to copy other recipients, so I would appreciate if you could provide me email contact information for these three:

1. Applicant
2. Executive Secretary, U.S. Department of State
3. Office of the General Counsel, U.S. NRC

Many thanks in advance for your assistance.
Sincerely,
