Dear Sir or Madam:

In December 2014 GEH provided both proprietary (non-public) and redacted non-proprietary (public) versions of a request to use the Model No. 2000 package with a new internal package configuration (Reference 2). As discussed with Mr. John Vera of your staff on February 25, 2015 (Reference 4), a revised public version of this request has been prepared.

The Attachment to this letter is a revised public version of our letter authorization request that provides additional public information. This version replaces the public versions submitted as Attachment 2 on December 12, 2014 (Reference 2) and February 6, 2015 (Reference 3).

Please contact Bryce MacDonald at 910-819-6537 or me if there are questions regarding this submittal.

Sincerely,

  
Scott P. Murray, Manager  
Facility Licensing
