Subject: RE: Turkey Point Chapter 19: request for reading room access to the calc of SMA on liquefaction and bearing

Zuhan:

Sorry, somehow this fell through the cracks by the applicant and will be available tomorrow

I will follow up with the applicant again tomorrow

Thanks

Importance: High

John,

Zuhan has requested a couple of times for reading room access to a liquefaction calculation referenced in 19.55, as well as the one referenced in 2.5.4.8. He still does not have access. Could you please expedite this request? We have been asked to assist SEB with their chapter 19 review, and getting access to this calc is needed so that Mohamed and I can develop an internal schedule for that review to confirm the public milestones are achievable.

Thanks

Manny, this is just a follow-up. Did you get any saying from FPL about reading room access?

Thanks,
Zuhan

Manny,

I also would like to have the access to liquefaction analysis/calculation referenced in 2.5.4.8.

Thanks,
Zuhan

Subject: Turkey Point Chapter 19: request for reading room access to the calc of SMA on liquefaction and bearing

Importance: High

Manny,

Per discussion between SEB1 and RGS1 this morning. I am assigned to help Tze-Jer Chuang to review SMA of liquefaction and bearing for FSAR Subsection 19.55 "Seismic Margin Analysis". For liquefaction and bearing SMA, FPL indicated in its 19.55 that they performed a computation. However, the discussion is very brief and the details of the calculation is not provided.

In order to review SMA on liquefaction and bearing, I would like to ask your help to set the reading room access to the calculation that FPL referenced in its subsection 19.55 of the application.

Thanks,
Zuhan
