RE: US NRC Exempt Distribution License No. 20-23922-01E

Thermo Fisher Scientific hereby requests a 30 day extension to submit our license renewal application for our US NRC exempt distribution license number 20-23922-01E. We are in the processes of transferring operations for Thermo Process Instruments, L.P. from Sugarland Texas to our Franklin MA site and we have been very involved in working on all the licensing and regulatory requirements for the Massachusetts Department of Public Health, Radiation Control Program. We will submit our application by April 30, 2015.

If you have any questions please call me at 508.533.6832 or email me at larry.fahey@thermofisher.com.

Sincerely,

Larry Fahey
