SUBJECT: THE LOUIS BERGER GROUP, INC., LICENSE AMENDMENT, CONTROL
NO. 586186

Dear Mr. Kirk:

This refers to your license amendment request dated February 9, 2015, and received in this office on February 24, 2015. Enclosed with this letter is the amended license.

Your letter also referenced License No. 45-25078-02. Please be reminded that your NRC license was split into two licenses when Commonwealth of Virginia became an Agreement State on March 31, 2009. License No. 45-25078-01 was amended to remove the storage locations in Virginia and retained by the NRC while a new license (No. 45-25078-02) with storage location(s) in Virginia was transferred to Virginia. Therefore, you should direct any correspondence related to License No. 45-25078-02 to the Commonwealth of Virginia.

The enclosed amended license is written in accordance with current NRC policy and includes significant revisions in addition to the requested change(s). Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits, see our toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

M. Kirk
