Hello
I was able to get the requested information.
To be clear the name of the location is both Macomb Physicians Group and Metro Diagnostic imaging, the name on the building is metro diagnostic imaging, the business name is Macomb Physicians group - the NRC license should say Macomb Physicians Group. So basically Macomb Physicians group owns and operates Metro Diagnostic Imaging as I best understand it, but I am NOT the owner.
Please look at the paperwork attached for clarification on names.

any more? Let me know
Thanks,

Laura Smith

Subject: Requesting Additional Information for NRC License Amendment for 21-32665-01

Hi Laura,

I received Macomb Physicians Group, PLLC license (21-32665-01) amendment request to change you as their RSO. A Delegation of Authority between you the RSO and the licensee's management was not included with the application received. It is a required part of your application. Please provide a signed and dated Delegation of Authority and include with it a signed and dated cover letter. This additional information can either be faxed to 630-515-1259 or it can be scanned into a pdf and emailed back to me.

Two questions for confirmation: The incoming letter has it listed "Metro Diagnostic Imaging, PLLC" as the business name and Suite C as the location. On the license, the business is listed as "Macomb Physicians Group, PLLC" and Suite B. Please confirm that the location did not have a business name change nor a location change for both business address and location of use.

Also I have a follow-up question that I would like to discuss with you on the phone. Could we please set up a time to talk on the phone at your earliest convenience?

Thank you,

Vered
