General Comment

We live within the 30 mile radius of VT. Y. And I have deep concerns if Entergy plans to shorten the exit routes from Vernon and environs if there is a dangerous situation at the plant.

I also have concerns about storage of water on the roof 6 stories high in large containers open to any marauding airplane.

The issues of "closing" Vt Y is far from over and far from safe. It will be years beyond my lifetime, if ever, til that facility can be labeled "safe".

I hope you will publish VT. Y's response and yours.

Thank you,

Nancy G.B. First
