Subject: Crow Butte

Good Morning Nathan,

This morning I briefed Dr. Anne Brophy on next week's site visit.

A couple of questions for you -

If possible, I would like to receive the relevant environmental, etc. background documents by the end of the week so that I can take them with me on my upcoming travel. Is this possible? Electronic format would be fine.

Will there be an opportunity for presenting RAIs to the applicant, if needed, following the document review and site visit?

Thanks,

Paul Nickens
