Good morning,

We have reviewed your correspondence and feel a conference call is not appropriate consultation. We would insist on face-to-face group consultation with all participating tribes, however we are now booked for April and May.

The soonest available time we could meet would be June. As far as a Scope of Work it was our understanding and we all agreed that Ben Rhodd would be preparing a document for this purpose which would be provided to tribes for review and concurrence. nce tribes have had opportunity and agree with the language etc. it will be forwarded to the NRC.

Thank you for your attention in this matter.
