FYI – Thanks for the reminder, Haimanot. The phone at Standing Rock wasn't working yesterday, and I never got through. When I called today, I was told that Terry would be back in the office tomorrow or Thursday. I left a voice-mail message for him.

I will keep you posted.

Richard and Martha,

I wanted to follow-up from our teleconference we had with the Tribes on April 24, 2012 where 8 tribes called into the conference. One of the action item that came out of this meeting was for Powertech and Cameco to contact Ben Rhodd and Terry from Standing Rock sometimes this week so that they (Ben and Terry) can come and visit both sites (Dewey Burdock and Crow Butte Sites) to help visualize what is out there and draft the Tribes SOW. I believe they also wanted to come out so that they can determine what percentage of land they would like to include in the sample field study. I wanted to make sure this action item does not get lost so that we can move the section 106 activities forward.

Once Ben and Terry visit the site, I will follow-up with Dianne from Sisseton Wahpeton to socialite when we can get the draft SOW and when we can schedule the next face to face meeting.

Please let me know if you need anything from us.

Thanks
Haimanot
