Subject: Request for Additional Information-AREVA Possession Limit Increase
Date: Monday, April 13, 2015 2:40:00 PM

Mr. Tate,

We have completed our review of your request to amend AREVA's possession limit of Materials License No. SNM-1227 transmitted by letter dated September 23, 2014 (ML14269A070), and supplemented on December 10, 2014 (ML14345B026). This licensing action was accepted per our letter dated December 16, 2014 (ML14314A213). Our review of your application has identified that additional information is needed before final action can be taken on your submittal.

Per our conversation on April 13, 2015 and in order to expedite our review process, please review the attached RAIs and provide your responses as soon as practical. If needed, we can schedule a follow-up conference call with the technical reviewer and AREVA's staff as early as tomorrow, to ensure that the questions are understood and/or provide further clarification.

Should you have any questions, please contact me.

Sincerely,

Soly I. Soto Lugo
