General Comment

I am a retired school teacher who lives south of Dixie Highway in Coral Gables. I fear what could happen with more nuclear power nearby, ex explosions, terrorist attacks, and magnitude of damage to nearby population. Would not want to put human life in danger for sake of production, prosperity, or economic gain, not for me or future generations. I do not trust decisions of those who do not have same concerns or values. I say look to another way putting welfare of people first. May God guide your final decision. Susana Alvarez
