Dear Sir or Madam:

In the attachment, Entergy Operations, Inc. (Entergy) provides responses to the Request for Additional Information (RAI) dated March 12, 2015. The License Amendment Request (LAR) submitted November 21, 2014 in letter GNRO-2014/00068 proposes a revision to the Safety Limit Minimum Critical Power Ratio (SLMCPR) values for operation in accordance with the requirements set forth in References 1, 2 and 3.

Global Nuclear Fuels – Americas (GNF-A) considers the information provided in the Attachment to be proprietary and therefore exempt from public disclosure pursuant to 10 CFR 2.390. The proprietary information was provided to Entergy in a GNF-A transmittal. Therefore, on behalf of GNF-A, Entergy requests to withhold the Attachment from public disclosure in accordance with 10 CFR 2.390(b)(1).

The RAI responses do not include new commitments.

If you have any questions or require additional information, please contact James Nadeau at 601-437-2103.

I declare under penalty of perjury that the foregoing is true and correct. Executed on April 14, 2015.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas Caubert". The signature is written in a cursive style with a large initial "T" and "C".

TC/ras
