Charlotte, NC 28277

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE
OF MITSUBISHI NUCLEAR ENERGY SYSTEMS PRESENTATION ON WATER
JET PEENING MADE AT THE APRIL 16, 2015, MEETING

Dear Mr. Tapia:

By letter dated March 18, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML15098A241), the Mitsubishi Heavy Industries, LTD. (MHI) submitted an affidavit executed by Tomoyuki Inoue, Engineering Manager, Nuclear Component Designing Department, Nuclear Energy Systems, of MHI on March 18, 2015, requesting that the information contained in the following document be withheld from public disclosure pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR), Part 2, Section 2.390:

MHI Meeting Presentation (Slides 5, 22, and 23)

The non-proprietary portion of the presentation has been placed in the U.S. Nuclear Regulatory Commission's (NRC's) Public Document Room and added to the NRC Library in ADAMS as Accession No. ML15096A313.

The reasons for requesting withholding of the report are provided in the affidavit.

We have reviewed your application and the material in accordance with the requirements of 10 CFR 2.390 and, on the basis of the statements in the affidavit, have determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

J. Tapia

- 2 -

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC. You also should understand that the NRC may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC makes a determination adverse to the above, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I may be reached at 301-415-1326 or by electronic mail at William.MacFee@nrc.gov.

Sincerely,

/RA/

William MacFee, Project Manager
Licensing Processes Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation
