SUBJECT: CORESCO, LLC, FOLLOW UP OF BANKRUPTCY PROCEEDINGS

Dear Mr. Pitzer:

This refers to your letter dated November 21, 2013, that notified this office that Coresco, LLC had filed for bankruptcy under Chapter 11 of the U.S. Bankruptcy Code. In our response letter dated December 17, 2013, we accepted the notification and informed you of your responsibilities related to the licensed material that you had acquired under the above license.

On March 10, 2015, this office received your request for termination of the above listed NRC license. The request also included documentation that demonstrated that on July 22, 2014, you transferred licensed material to another authorized recipient and that there was no radioactive contamination at your facilities as a result of storage and use of licensed material.

Pursuant to your request your license is terminated and, the termination documentation is being sent under separate cover. With the termination of your license, our follow-up of the bankruptcy proceedings is no longer necessary and is terminated. However, please be reminded that termination of the license does not relieve Coresco, LLC, of its financial obligations, if any (license fees, etc.) to the NRC.

Please feel free to contact Sattar Lodhi at (610) 337-5364 if you have any questions regarding this matter. Thank you for your cooperation.

Sincerely,
