Supplement 4 to Improved Technical Specifications
(ITS) Submittal

Reference: W. R. McCollum, Jr. (Duke Power Company) letter
to NRC Document Control Desk, dated October
28, 1997.

By letter dated October 28, 1997, Duke Energy submitted an amendment request to convert to Improved Technical Specifications. By letters dated March 26, 1998, May 20, 1998, July 29, 1998, and October 1, 1998, Duke Energy submitted Supplements 1, 1A, 2 and 3 to the ITS submittal. This Supplement further revises the submittal to:

1. Incorporate changes to the current Technical Specifications which have been approved by the Staff since the original submittal date,
2. Correct minor errors, identified by Duke Energy, which were found after the submittal. The majority of these self-identified changes are to correct typographical errors or to maintain consistency between the various sections of the submittal, and
3. Incorporate changes which have resulted from discussions between Duke Energy and the Staff in relation to ITS sections 3.3, 3.8 and 5.0.

Enclosure 1 provides a list of changes made to the ITS submittal, each with a unique ID number. Enclosure 2 provides the changes for attachments to the referenced October 28, 1997 cover letter and Split Report. Enclosure 3 provides the revised ITS review package pages. Preceding each change in Enclosures 2 and 3 is a cover sheet which provides information (ITS section or cover letter attachment number, description and unique ID number) that correlates to the list in Enclosure 1. In both Enclosure 2 and Enclosure 3 revision bars are provided to facilitate review. Only one unique ID number per Section is provided for the changes to Sections 3.3, 3.8 and 5.0 that were made as a result of Staff comments.

Enclosure 4 provides a copy of the ITS and Bases with page numbering by Specification in lieu of by Section. Amendment Number 300 has been included in the footer per Staff request.

Supplement 4 has been reviewed and approved by the Oconee Plant Operations Review Committee and the corporate Nuclear Safety Review Board.

Pursuant to 10 CFR 50.91(b)(1), a copy of this amendment has been provided to the appropriate State of South Carolina officials.
