Selected Licensee Commitments Manual (SLC)

Gentlemen:

Pursuant to 10CFR 50.4 and 50.71, please find attached 7 copies of the latest revisions to the Oconee Selected Licensee Commitments Manual. The SLC Manual is Chapter 16.0 of the Oconee UFSAR. This manual is intended to contain commitments and other station issues that warrant higher control, but are not appropriate for inclusion into the Technical Specifications (TS). Instead of being updated with the annual UFSAR Update, the SLC Manual will be updated as necessary throughout the year.

Very truly yours,

W. R. McCollum, Jr.  
Vice President

Subject: Ocone SLC Revision

Please revise your SLC Manual according to instructions. SLC changes 16.9.7 and 16.9.8 incorporate Service Water modifications and tie the ESV System into the CCW Intake Header and plant power and control systems. It also replaces existing HPSW piping and instrumentation around the CCW Pumps and Siphon Seal Water piping.
