4) GEH email (McGowan) to NRC Spent Fuel Management (Vera), 4/20/15

Dear Mr. Vera:

GE Hitachi Nuclear Energy Americas, LLC (GEH) is in the process of responding to your request for additional information (RAI) dated April 3, 2015 (Reference 3). We appreciate the NRC Staff's ongoing review of this request. As we described earlier via email dated April 20, 2015 (McGowan to Vera, Reference 4); GEH will not be able to meet the April 24, 2015 requested RAI response due date.

As a result, it will take an additional period of time for GEH to respond and requests that the RAI response date be extended from April 24, 2015 until May 29, 2015.

Please contact Bryce MacDonald at 910-819-6537 or me if there are questions regarding this submittal.

Sincerely,

  
Scott P. Murray, Manager  
Facility Licensing
