Technical Specification Bases Changes

Please find attached revisions to the Technical Specification Bases for 2.1.1, 3.1.1, 3.1.3, 3.3.1, 3.3.5, 3.3.7, 3.3.17, 3.3.22, 3.4.12, 3.5.1, 3.5.2, 3.5.3, 3.6.1, 3.6.2, 3.6.3, 3.6.4, 3.7.5, 3.7.8, 3.7.17, 3.8.1, 3.8.2, and 3.10.1. These revisions were implemented on March 27, 1999, concurrent with ITS implementation. The need for these changes was identified prior to ITS implementation during the ITS procedure change process and ITS training. In general, the changes either make the Bases more consistent with the discussion of changes in the ITS submittal and its supplements, or provide corrections and enhancements to the ITS Bases.

Attachment 1 contains the new Technical Specification Bases and Attachment 2 contains markup versions of the Bases pages.

If any additional information is needed, please contact Noel Clarkson at (864) 885-3077.

Very truly yours,

W. R. McCollum, Jr., Vice President
