Subject: Oconee Nuclear Station  
Docket Number 50-269, 50-270, 50-287  
Emergency Response Data System

Pursuant to the requirements of 10CFR50, Appendix E, Section VI, parts 3.a and 3.b, the following is a notification of the modifications to be implemented on the Emergency Response Data System for the Duke Power Company, Oconee Nuclear Station Unit 1 (ONS Unit-1) and ONS Unit-3

**1. Plant Attribute Library (PAL)**

The Plant Attribute Library information (PAL) for ONS-1 and ONS-3 will need to be revised in order to reflect the data transmission rate of 15 seconds. ONS-2 will be converted to a 15 second transmission rate in the spring of 1998. All other communication protocols, messages, quality codes, and formats are unaffected by this modification.

Should there be any questions or additional information be required, please contact Mr. Mike Thorne, Manger, ONS Emergency Planning (864) 885-3210.

Very truly yours,

W. R. McCollum, Jr.  
VP, Oconee Nuclear Site
