Ms. Pat Jenny, Security Manager  
General Electric-Hitachi  
Global Laser Enrichment, LLC  
P.O. Box 780  
3901 Castle Hayne Road  
Wilmington, NC 28402

SUBJECT: PROTECTION OF CLASSIFIED INFORMATION FOR THE  
GENERAL ELECTRIC-HITACHI URANIUM ENRICHMENT FACILITY

Dear Ms. Jenny:

Both the U.S. Nuclear Regulatory Commission (NRC) and North Carolina Department of Labor (NCDOL) have reviewed and agreed to guidance for protection of classified information. This guidance is found in a document titled, "Guidance for Regulating Boiler and Pressure Vessel Systems Relating to Uranium Enrichment Activities at the General Electric-Hitachi Global Laser Enrichment Facilities in Wilmington, North Carolina," dated April 9, 2015 [NRC's Agencywide Documents Access and Management System (ADAMS) Accession No. ML15105A112].

The NRC proposed this draft guidance to the NCDOL for the protection of certain classified information by the NCDOL-Boiler Safety Bureau (BSB), in letters dated March 23, 2015 (ML14300A389) and April 16, 2015 (ML15105A115). On April 22, 2015, the NCDOL agreed to adhere to the April 9, 2015, guidance document (ML15124A031).

Since both agencies have reviewed and agreed to the guidance document, including each agency's roles and responsibilities, the agencies will begin implementing the guidance document with respect to the General Electric-Hitachi Global laser enrichment facilities.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

P. Jenny
