Dear Mr. Shelanski:

In response to the Executive Order 12866, "Regulatory Planning and Review," signed September 30, 1993, I am enclosing the U.S. Nuclear Regulatory Commission's (NRC's) Fiscal Year (FY) 2015 Regulatory Plan. The plan describes the major rules and the other significant rulemakings that the NRC has issued or expects to issue in final form in FY 2015. It also includes a discussion of the agency's FY 2016 regulatory priorities.

You may direct questions about the NRC's FY 2015 Regulatory Plan to Ms. Leslie Terry, Rules Team Leader in the Rules, Announcements, and Directives Branch, Division of Administrative Services, Office of Administration, at 301-415-1167.

Sincerely,
