

May 7, 2015

Dr. Won-Pil Baek, Vice President
Department of Nuclear Safety Research
Korea Atomic Energy Research Institute
989-111 Daedeok-daero, Yuseoung-gu
Daejeon 305-353
Republic of Korea

Dear Dr. Baek,

I write to extend my sincere gratitude to you and your staff for arranging a very beneficial visit to the Korea Atomic Energy Research Institute (KAERI) on April 10, 2015. The U.S. Nuclear Regulatory Commission (NRC) delegation and I personally found the tours of your facilities and the presentations of the cutting-edge research you are undertaking extremely impressive. As has been our experience over the past 25 years, our interactions with the staff and managers at KAERI was very beneficial and informative for our cooperative programs. Our understanding of the vast responsibilities and activities at KAERI was greatly enhanced and I am confident that we will continue to work closely with you and the NSSC to strengthen nuclear safety worldwide.

Again, thank you for hosting our visit and taking time to show us the various facilities and laboratories at KAERI. We look forward to our continued strong collaboration and I hope to have the opportunity to welcome you to the United States in the near future.

Sincerely,

/RA/

Michael R. Johnson
Deputy Executive Director for Reactor
and Preparedness Programs
Office of the Executive Director for Operations
