RE: Application for Model 650L Renewal (USA/9269/B(U)-96)

Dear Ms. Akhavannik:

In response to our telephone conversation on 20 March 2015, please find enclosed drawing R65006 Revision L. This drawing revision corrects the material callout for the inner shell on sheet 2 of 5 to read "carbon steel or stainless steel" instead of "carbon steel". This change is made for consistency with the material callout on sheet 1. Should you have any additional questions or wish to discuss this submission after receipt please feel free to contact me.

Sincerely,

Lori Podolak
