Subject: RE: Conference call to discuss ITAAC related to fill concrete

I sent an invite for next Tuesday, Wednesday or Thursday for 1-2 pm. I have checked with our staff and it appears all the days are acceptable. We are flexible on the time but the afternoon would be preferable (just due to West coast considerations).

I have included Ray on the email so if you have any questions, please call him. I will be flying to Charlotte in the morning and will be in an all-day meeting.

Thanks

Steve Franzone

Steve:

Need a conference call to talk about proposed for fill concrete, the staff would like to have a short conference call to discuss some concerns related with the ITAACs:

1. Information on thickness of “first lift”
2. Thermal crack control to be reflected in the ITAAC

Can we do it next week.

Thanks

Manny Comar
