Mike,

We would suggest revising the sentence in 3.0.3-3 from:

During its review, the staff identified plant-specific operating experience indicating that corrosion issues did compromise the intended function of the service water system.

Rich,

Attached is a draft of the phone call summary for call earlier today. We agreed to revise the wording in RAI 3.0.3-3 based on the concern raised on the call. Also, I wanted to confirm that a 90-day response time works for us. Please let me know if you have any comments. Also, if you could provide me a list of Entergy's participants, I would appreciate it.

Thanks,
Mike
