

April 22, 2015

Title: NOTICE OF FORTHCOMING PUBLIC MEETING ON AN UPDATE
PROCESS FOR APPROVED TRANSIENT AND ACCIDENT
ANALYSIS METHODS

Date(s) and Time(s): May 13, 2015, 08:30 AM to 04:30 PM

Location: NRC One White Flint North, Commissioner's Hearing Room
11555 Rockville Pike
Rockville, MD

Category: This is a Category 3 meeting. Public participation is actively sought for this meeting to fully engage the public in a discussion of regulatory issues.

Purpose: This is a public meeting to discuss a process that the NRC staff is considering by which vendors and licensees could update key models in their approved evaluation models. If such a process were developed, vendors and licensees who adopted the process would be responsible for evaluating key models at certain intervals, but may also have the freedom to update those models without prior NRC review, provided certain conditions were satisfied. The NRC staff believes such a process would not only enhance safety, but could also reduce regulatory burden. A high-level agenda is enclosed. A more detailed agenda will be developed and placed on the Public Meeting Notice System closer to the meeting date.

Contact: Joseph Holonich
301-415-7297
