Wilmington, NC 28402

**SUBJECT: PUBLIC MEETING SUMMARY - LICENSEE PERFORMANCE REVIEW FOR
GLOBAL NUCLEAR FUEL – AMERICAS, DOCKET NUMBER 70-1113**

Dear Mr. Hilton:

This letter refers to our meeting at the University of North Carolina Wilmington, at 601 South College Road, Wilmington, North Carolina in the Madeline Suite of the Wagoner Hall on May 5, 2015, during which we discussed the Nuclear Regulatory Commission's (NRC's) evaluation of your performance in the four major areas of safety operations, radiological controls, facility support, and licensing activities. The meeting afforded you the opportunity to provide feedback to the NRC regarding your perception of the NRC performance review. The meeting was beneficial and provided the NRC with an acceptable level of confidence of your continued safe and secure operation of the site.

The meeting also afforded the members of the public the opportunity to ask questions and provide feedback to the NRC regarding our inspection program for Global Nuclear Fuel - Americas. The list of meeting attendees is enclosed. The meeting slide presentations are available under accession numbers ML15128A018 in ADAMS.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice and Procedure," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

A. Hilton
