Subject: Application for Quality Assurance Program Approval for Columbiana Hi Tech Nuclear Quality Assurance Program Description

References: (1) NRC Quality Assurance Program Approval No. 0179
(2) Columbiana Hi Tech Nuclear Quality Assurance Program Description, Revision 0, dated May 8, 2015

In accordance with 10 CFR 71.37 and 71.38, Columbiana Hi Tech, LLC (CHT) herewith submits an application to renew the Quality Assurance Program Approval for Columbiana Hi Tech Nuclear Quality Assurance Program Description. The current approval is identified as No. 0179.

There have been no substantive program changes to the previously approved program with the exception of the addition of our new facility located in Kernersville, NC.

Since this request is within 30 days of expiration of the existing QA Program Approval it is requested that the existing approval remain valid until the renewal is issued.

The application documents are prepared in accordance with the *Guidance for Electronic Submissions to the NRC*, and submitted via the EIE process.

Should the NRC staff require additional information to support review of this application, please do not hesitate to contact the undersigned.

Sincerely,

Robert E. Glazier
Vice President of EHS & Quality
