RECEIVED

3/5/2015
DPR 12043

67

Attn M. R. C.

I line across the Bay
from Turkey Point.

To enlarge the plant
and contaminate the bay
waters would be wrong!

The water is not deep enough
in the area and it would
cause it to heat up, thus
killing all the fish etc.

Am strongly opposed
to granting the licenses for
Turkey Point.
