SUMMARY

1. In your letter dated February 20, 2015, you requested to add a new hot-lab and nuclear medicine at you St. John location. Your request did not include the address for the location you wish to add to your license. In addition, your request did not include what materials would be used at this location, for example, 10 CFR 35.200 uses.

Please provide the location for the new hot-lab and what the facility will be authorized for.

2. In you letter dated February 6, 2015, you requested to remove the Radiation Therapy hot-lab from your license. Based on the survey results provided, it appears there were none taken on the South and West walls. The survey results also did not include the Cesium-131 materials currently listed on your license.

Please provide an explanation of the survey results clarifying what was surveyed and include a discussion of the Cesium-131 sources.
