IRWST CONDENSATE RETURN RAI LETTER 124 RESPONSE AND REQUEST FOR  
WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE**

Ladies and Gentlemen:

A meeting is scheduled on May 14, 2015, with the NRC to provide an update on the Duke Energy Florida, Inc. (DEF) Levy response to NRC Request for Additional Information (RAI) Letter 124 related to AP1000 Emergency Core Cooling System. The purpose of this letter is to provide proprietary and nonproprietary presentation materials that will be used by DEF and Westinghouse Electric Company LLC (Westinghouse) to make this presentation.

Enclosure 1 (proprietary) contains the May 14 presentation materials for the AP1000 IRWST Condensate Return. Enclosure 4 contains a non-proprietary public meeting applicant presentation.

As Enclosure 1 contains information proprietary to Westinghouse, it is supported by an Affidavit signed by Westinghouse, the owner of the information. The Affidavit sets forth the basis on which the information may be withheld from public disclosure by the Commission and addresses with specificity the considerations listed in paragraph (b)(4) of Section 2.390 of the Commission's regulations. Accordingly, DEF respectfully requests that the information which is proprietary to Westinghouse be withheld from public disclosure in accordance with 10 CFR Section 2.390 of the Commission's regulations.

Westinghouse's Application for Withholding Proprietary Information from Public Disclosure (CAW-15-4135) and accompanying Affidavit are provided as Enclosure 2. Westinghouse's Proprietary Information Notice and Copyright Notice are provided as Enclosure 3. Correspondence with respect to the copyright or proprietary aspects of the items listed above, including the supporting Westinghouse Affidavit should reference CAW-15-4135 and should be addressed to James A. Gresham, Manager, Regulatory Compliance, Westinghouse Electric Company, 1000 Westinghouse Drive, Building 3 Suite 310, Cranberry Township, Pennsylvania 16066.
