Subject: Turkey Point

Gentlemen: We are against any change to Turkey Point. As a member of Anglers Club the plant is close enough. We do not want the tranquillity of Anglers Club ruined by what is planned for the facility. It is extremely close to several National and StateParks. I feel reasonably certain it would effect these parks. No less the warmer water from the cooling systems creating an algae bloom and the amount of water it would take to cool. The risks are entirely too great for this to take place. Please reconsider.
Sincerely, Joan and Robert Jones
